

ELEKTRONIC SPRAY, 400 ML

DATA SHEET

Description

PROFI-CAR ELEKTRONIK-SPRAY is a cleaning and care product for electrical components.

Characteristics

Prevents malfunction of electrical equipment due to corrosion and oxidation.
Protects against burn-off.
Protection during the restoration of electrical equipment and components due to moisture infiltration.
Neutral towards rubber, plastic and varnish.
Leaves a fine protective film after evaporation of the solvents.

Usage

Apply thinly to the parts to be treated and allow to act. For cleaning operations, apply product in excess.

Application areas

For maintenance and repair work on all electrical and electronic components. For cleaning and simultaneous moisture infiltration. Against high contact resistances due to oxidation and for securing the function of plug connections and terminals.
