

# CLEAN & CARE, 500 ML

## DATA SHEET

### Description

PROFI-CAR CLEAN & CARE is a new care technology for cleaning and maintaining paintwork WITHOUT water. This patented formula has been successfully tested by the Fraunhofer Institute, among others.

### Characteristics

Cleans, polishes and preserves in one operation.  
Effective and easy work possible.  
Long lasting protective effect.  
Infiltrates the dirt and lifts it off.  
Economical in consumption.  
Weather resistant surface.

### Usage

Shake before use. In case of very heavy soiling, clean the area to be treated from coarse dirt. Only work area by area! Spray individual areas such as fenders very sparingly, so that a thin mist is distributed on the paint. Then spread the liquid with a fine sponge without applying pressure. Then polish the area to a high gloss with a soft cloth without pressure. Do not use in blazing sun or on hot paint. Safety data sheet available on request.

### Application areas

For cleaning and preservation of painted surfaces, plastic surfaces, painted wood or glass.

### Product attributes

Attribute	Method	Unit	Value
Density 20°C		Kg/m <sup>3</sup>	956
Boiling range		°C	100
Flash point		°C	100
Ignition temperature		°C	> 200

The expiration date is 3 years after production date under the permission that the product is stored in a dark, dry and cool place. The given data are typical data. Please observe instructions! Our data sheets and prints should advise in all conscience. The content is regarding to treatment and application an unenforceable obligation as we have no bearing on it. Modifications which result in improvement are reserved.
