

COCKPIT FOAM, 400 ML

DATA SHEET

Description

PROFI-CAR Cockpit Foam is a cleaning foam for rubber and plastic parts.

Characteristics

Cleans deep into the pores.
Protects against moisture and electrostatic charge.
Protects against embrittlement due to UV radiation.
Protection against age-related plastic and rubber changes.
Improves color depth.
Good long-term and deep penetrating effect.

Usage

Shake before use. Spray the active substance onto the surfaces to be treated or cloth (cotton or microfiber) and work it evenly into the plastic. Do not spray on glass, seat surfaces, steering wheels or pedals.

Application areas

For vehicle cleaning and care of e.g. door panels, dashboards, seat trim, covers, bumpers, ram rails, sealing strips, rubber seals, etc. Keeps plastics and rubber supple.
Can also be used universally in many other areas where plastic or rubber parts need to be cleaned and maintained.
