

PRODUCT INFORMATION

P.C. MOTOR CLEANER, 250 ml

Art. No. 60212

PROFI-CAR MOTOR CLEANER is a fast-acting combination of active ingredients and dissolves sludge and deposits.

Properties

- Dissolves sludge-like deposits throughout the oil system.
- Reduces contamination of new oil due to less oil residues. Optimizes exhaust gases
- Suitable for gasoline, gas and diesel engines with and without turbochargers.

Areas of application

Before oil change for quick cleaning of the oil circuit. In case of poor compression due to impurities and deposits on piston rings.

Application

Add to the old engine oil before changing the oil. Let the engine idle for approx. 15-30 min. when stationary. Then change oil and filter. 1 can (250ml) treats 3 - 5 liters of engine oil.

The expiration date is 3 years after production date under the permission that the product is stored in a dark, dry and cool place.

Our data sheets and prints should advise in all conscience. The content is regarding to treatment and application an unenforceable obligation as we have no bearing on it. Modifications which result in improvement are reserved.
