

60252

PRODUCT INFORMATION

P.C. CAT CLEANER, 250 ml

Art. No. 60252

PROFI-CAR CAT-CLEANER cleans and protects the catalytic converter of all gasoline engines. The entire fuel system undergoes additional cleaning and protective action against new deposits.

Properties

- dissolves and disperses deposits and residues
- improves engine performance
- increases operational safety
- Ensures uniform combustion
- improves the CO value.

Areas of application

For cleaning the entire system from the tank to the catalytic converter. Prevents deposits in the fuel system. Keeps the engine clean, burns more pollutant-free, consumes less gasoline and is therefore more environmentally friendly. In case of problems with the running culture, cold start or poor exhaust gas values.

Application

Add one can (250ml) to the tank filling. Sufficient for 15 to 45 Ltr. tank volume.

The expiration date is 3 years after production date under the permission that the product is stored in a dark, dry and cool place.

Our data sheets and prints should advise in all conscience. The content is regarding to treatment and application an unenforceable obligation as we have no bearing on it. Modifications which result in improvement are reserved.

powered by Quality.
