

PRODUCT INFORMATION

P.C. RADIATOR SEALER, 250 ml

Art. No. 60302

PROFI-CAR RADIATOR-SEALER easily seals small leaks that cannot be located immediately. For example, hairline cracks in the radiator or cylinder head, leakage from water pump sealing rings, porous spots in hoses or heat exchangers, stone chips, etc.

Properties

- Excellent combination of active ingredients with reliable, long-lasting sealing effect
- Does not harden in water (permanently flexible) and can be rinsed out again if necessary.
- Due to corrosion protection no failure of the heating taps or thermostats
- Suitable for all water coolers
- Compatible with all standard antifreeze and coolant fluids.

Areas of application

For sealing leaks of various kinds in cooling and heating systems. To prevent loss of cooling water and seal sweating. For leaks of sealing rings of water pumps and partly cylinder head cracks. Also for preventive protection against loss of cooling water and corrosion.

Application

Shake before use. Check coolant level. Add directly when the engine is warm and the heater taps are open, or have it drawn in via the expansion tank. Then check coolant level. Can contents are sufficient for approx. 12 liters of coolant.
