

PRODUCT INFORMATION

P.C. CHAIN SPRAY, 400 ml

Art. No. 61134

CHAIN SPRAY is used for all lubrication work and for fast-running drive chains of all types. It is a very good, adhesive and spin-resistant chain spray with excellent creeping properties. Cold, hot and splash water resistant and has a high corrosion protection.

Properties

- Long-term internal and external lubrication
- Highly effective due to excellent creep and crevice penetration properties
- Extreme adhesion
- Excellent wear protection
- Resistance to water
- Corrosion protection
- Biodegradable

Areas of application

All lubrication applications such as door catch straps, door bolts, handbrake and clutch cables, crank gears, long-term internal and external lubrication of roller chains such as motorbike chains and multi-row lift truck chains, as well as single or multiple plate chains without relubrication device.

Application

Cleaning the sliding surfaces of all lubricant residues and dirt should be a matter of course. Spray the affected components and let them react briefly. Repeat the process if necessary. Start up chains approx. 5 minutes after spraying or flashing off.
