

## PRODUCT INFORMATION

### **P.C. CARBURETOR CLEANER, 500 ml**

Art. No. 61305

CARBURETOR CLEANING SPRAY can be used for internal and external cleaning of the carburettor. Cleans and degreases injection systems, carburettor nozzles and mixing tubes. Also cleans dirt on the housing, bores, throttle valves and nozzles. Cares for and protects plastic parts in the carburettor and removes deposits.

#### **Properties**

- Cleans and degreases
- Is well compatible with metal, non-ferrous metal and plastics
- Non corrosive
- Acetone-free
- CO2 propellant gas (no propane/butane, without CHCs, CFCs and aromatics)

#### **Areas of application**

For easy degreasing and cleaning of all surfaces made of metal, composite materials and plastics. Can be used in industry as well as in crafts.

#### **Application**

Spray the parts to be treated and leave to act for a short time. After evaporation, the treated parts are clean. Repeat if necessary.

The expiration date is 3 years after production date under the permission that the product is stored in a dark, dry and cool place.

Our data sheets and prints should advise in all conscience. The content is regarding to treatment and application an unenforceable obligation as we have no bearing on it. Modifications which result in improvement are reserved.
