

67014

## PRODUCT INFORMATION

### **P.C. CERAMIC CHAIN SPRAY, 400 ml**

Art. No. 67014

CERAMIC CHAIN SPRAY is used for fast-running drive chains of all types in open or semi-open operation without separate relubrication devices. The ceramic additive also ensures dry lubrication..

#### **Properties**

- Long-term internal and external lubrication
- Excellent wear protection due to ceramic components
- Active corrosion protection
- Good heat resistance
- Extreme adhesion
- Resistance to water

#### **Areas of application**

Long-term internal and external lubrication of chains, e.g. on motorbikes and scooters. Can also be used for extremely stressed chains, e.g. in racing.

#### **Application**

Clean all lubricant residues from the chain before use. Shake can well before use. Spray the chain sufficiently at a distance of approx. 20 cm.

Approx. 10 minutes after spraying, the chain can be put into operation.

The expiration date is 3 years after production date under the permission that the product is stored in a dark, dry and cool place.

Our data sheets and prints should advise in all conscience. The content is regarding to treatment and application an unenforceable obligation as we have no bearing on it. Modifications which result in improvement are reserved.
