

ECO-FREIGHTER SAE 10W-30

ECO-FREIGHTER SAE 10W-30 is a high-performance low-friction engine oil for commercial vehicles. The product is a mid-SAPS product with significantly reduced sulphated ash, phosphorus and sulphur content.

Thanks to the use of high-performance additives, the oil offers excellent oxidation and high-temperature stability.

The good dispersing properties of the product prevent deposits in the engine and on pistons that could otherwise impair the performance of the engine.

At very low ambient temperatures, ECO-FREIGHTER SAE 10W-30 guarantees reliable cold start and fast oil supply to all lube points.

The oil is able to cope with all extreme conditions and to reduce friction loss and wear. It also improves the efficiency of engines as both oil and fuel consumption is reduced and the service life of the engine is prolonged.

ECO-FREIGHTER SAE 10W-30 has been specially developed for the economic supply of emission-optimised engines with exhaust gas aftertreatment systems.

ECO-FREIGHTER SAE 10W-30 is suitable for year-round use and ensures that exhaust gas aftertreatment systems can work efficiently during a significantly prolonged service life.

Specification

ACEA E6 / E7 / E9

API CK-4, SN

Recommended application

MB 228.51

MAN M 3477

Volvo VDS-4.5

Deutz DQC IV-10 LA

Mack EOS-4.5

Renault VI RLD-4

Caterpillar ECF-3

Cummins CES 20086 / 20081

DDC 93K222 / 93K218

MTU Type 3.1
